

25 MAY 1959

Mr. E. A. Emerson
The Armco International Corporation
Middletown, Ohio

Dear Mr. Emerson:

Mr. Dulles has received your letter of 18 May 1959 and referred it to me for reply. The awareness of Americans such as yourself of the Communist threat is essential in the continuing world struggle.

Mr. Dulles and others in the Agency have read with considerable interest both H. R. 3880 and S. 1689. The objectives of these bills to create further awareness of the dangers of Communist actions in the world are fundamentally sound. These bills are receiving continuing study in this Agency and in other departments of the Government.

In view of your stated interest, I should like to forward for your information, if perchance you missed it, a copy of Mr. Dulles' speech before the Edison Electric Institute in New Orleans on 8 April 1959. If you have not had an opportunity to read this speech I am sure you will find it most interesting and thought provoking.

Sincerely,

Legislative Counsel
